

The background is a solid teal color. On the left side, there are several faint, light-colored circular patterns that look like clock faces or gauges, with some numbers visible (e.g., 40, 150, 180, 190, 200, 210, 220, 230, 240, 250, 260). On the right side, there are several human hands raised, palms facing forward, as if in a meeting or voting. The hands are of different skin tones and are positioned at various heights.

Community Planning:
Who are your stakeholders?

EVERYONE!

THREE BUCKETS

- Education
- Inspiration
- Money
