

Directions to the Scobee Education Center at San Antonio College

Main Number: 210-486-0100

SAC Campus Map

Scobee Education Center and Santikos Micronaut Center Directions

The Scobee Education Center and Santikos Micronaut Center are located on the western side of the San Antonio College campus.

A pseudo address to use on [Google map](#) apps is 1198 San Pedro Ave. with the zip code 78212. This address will bring you to the intersection closest to the traffic signal for the entrance into west side of campus. This is the closest entrance to the Scobee Education Center & Santikos Micronaut Center. For 'landmarks' this entrance is located at the southernmost corner of San Pedro Springs Park and immediately across from a Valero station.

From **San Pedro Avenue**, just south of San Pedro Springs Park turn **east** at the light nearest to W. Myrtle St. into the SAC campus. There is a large sign over this entrance for our centers and the campus.

You will see Scobee's large **blue Cheever Star Tower** to your left across the circular turnaround and the large astronaut graphic on the Santikos Micronaut Center on your right in front of the garage #3 where free parking is available on the upper floors.
