

The New Hampshire Initiatives

In Celebration and Preparation

for the

Rare Celestial Events of 2023 & 2024 Solar Eclipses

A Community and Educational Outreach Efforts:

For the Purpose of Awareness, Knowledge, and Safety

Gov. Sununu signs
NH Senate Bill 105
Declaring Monday,
April 8, 2024 as
Solar Eclipse Day!!

The New Hampshire Total Solar Eclipse 2024

A website that has resources for getting safety glasses, knowledge, and information for events.

The NH Solar Eclipse Ambassador Program:
To Empower Students with knowledge, the science, and the tools to engage their families and community to plan and be engaged for these two eclipses.

EclipseMobile Tour:
June, 2022 - October, 2023

In Celebration:

A Poem: (sample, first line)

*Listen my friends
and you shall hear,
Of a daytime darkness
coming far and near...*

Author: Rik Yeames

A Song: (sample lines)

*It takes three of you,
Sun, Moon, and You,
no more..(Lyrics by Rob Kramer)
(r.yeames@Comcast.net)*

Possible Activities

For students:

- Creating a Time Capsule
- Demonstrating Sun, Moon, Earth Models
- Learning the historic folk tales of eclipses
- Creating their own songs and poems
- Mapping the center line using Google Earth
